This page shows the main logo variations for BG. The primary logo shown in white, with alternate versions in both black and yellow.

SECTION 01: BRAND LOGOS

MAIN LOGO

ALTERNATE VERSIONS

PUBG

The PUBG BG logotype is used across a variety of applications and varying sizes, this page shows the best way to work out the needed clear space using the B of "Battlegrounds."

As shown there is a preferred clear space using the letter height which should be maintained wherever possible. However in limited cases this can be reduced to a minimum of the width of the letter B.

Further examples and minimum sizes are shown within the pages of this guide.

EXCLUSION ZONE

PREFERRED CLEAR SPACE

This page shows the minimum sizes that the PUBG BG logotype should be used with for both print and digital*.

This page also give the clear space value for both at their minimum sizes.

*Graphics for illustration, not to scale.

This is KRAFTON's logo. The minimum size rules for the use are as follows.

MAIN LOGO

KRAFTON 20PX/3MM

The minimum space rules for KRAFTON logos are as follows. The following regulations are strictly adhered to and cannot be altered arbitrarily to ensure a consistent brand identity.

EXCLUSION ZONE

MINIMUM CLEAR SPACE

It is recommended to use a basic color for the background to represent the KRAFTON logo effectively. To maintain consistent brand identity, the colors described in this guide should be the preferred choices.

On a black background, we recommend using a white or gray logo.

On a white background, we recommend using a black or gray logo.

On a gray background, we recommend using a black or white logo.

We recommend using a black logo at 90-50% brightness, and white logo at 0-0% brightness.

This page shows examples of how the logo is used on key art, please not that the primary logo color should be used wherever possible, however the logo with the highest contrast ratio should be used in.

As can be seen from the graphic, the logo should be used in a central position wherever possible so that the image can be cropped to portrait without obscuring the logo.

KEY ART

The opening slate should appear for any video content that exceeds 30 seconds. For video content that is less than 30 seconds, use a still-image version of the opening slate (See right for example).

- Display Rating System icon for 2-4 seconds (Check with Brand Manager on proper usage)
- If the Rating icon is displayed then immediately following, fade into the PUBG Corporate logo for 2.5 - 4 seconds.
- Due to the wide array of content we produce, It is at the discretion of the creator of the video when to include this slate. It is still required to have the Opening Slate near the beginning of the video content.

PUBG BG LOGO RECOMMENDED SIZE:

- 1080p resolution = 960px wide
- 4k resolution = 1920px wide
